Parish Councils in General

Parish Councils and Parish Meetings work towards improving community well-being and providing better services at a local level. Their work falls into three main categories:

- representing the local community;
- delivering services to meet local needs; and
- striving to improve quality of life in the community

Through a range of powers, parish councils provide and maintain a variety of important and visible local services including allotments, bridleways, burial grounds, bus shelters, car parks, commons, community transport schemes, crime reduction measures, footpaths, leisure facilities, local youth projects, open spaces, public lavatories, planning, street cleaning, street lighting, tourism activities, traffic calming measures, village greens and litter bins.

Ashover Parish Council constantly strives to work on behalf of parishioners on the issues that matter to its parish.

Your Parish Council is always keen to receive ideas and suggestions from parishioners on particular areas of interest or concern and where it is felt the Parish Council may assist.

Overall Aim of Ashover Parish Council:

To develop and sustain a sense of community within the Parish of Ashover by addressing environmental, social, economic and planning matters and delivering quality services to the residents within the resources available, while being mindful of Government Legislation which affects the remit of the Parish Council.

Our principles:

- Be a Good Employer
- Maintain the status of a Quality Council or its equivalent.
- Provide value for money and services at least possible cost yet maintain quality.
- Be aware of, and implement, changes required by new Government legislation particularly those changes required by the Localism Bill.
- Undertake Council business legally and ethically.
- Maintain a communications strategy such that Council business is conducted openly and transparently and Parishioners have easy access to information and advice.
- Undertake Council business with reference to Standing Orders and Financial Regulations
- Provide effective leadership to the village community on matters of interest
- Embrace new technology and methods.
- Maintain regular contact/liaison and where appropriate, partnership working with local authorities and community service providers and businesses.

Ashover Parish Council Generally:

The Parish Council will actively seek to understand the changing needs of the village through a comprehensive communications strategy.

It will monitor, and react to, any changes that might occur in the responsibilities of the Parish Council as a result of Statute.

The Parish Council will use its best endeavours to provide the service necessary to meet or exceed the benchmarks for a 'Quality Council' or its replacement.

The Parish Council can demonstrate that it has met the current criteria of Quality Council Status which is:

- Representative of, and actively engages, all parts of its community, providing vision, identity and a sense of belonging.
- Effectively and properly managed.
- Articulates the needs and wishes of the community.
- Upholds high standards of the Code of Conduct.
- Committed to work in partnership with local authorities and other public service agencies.
- In proportion to its size and skills, delivers local services on behalf of local authorities when this represents the best value for the local community.
- Works closely with voluntary groups in its community.
- Provides leadership to the community through its work on Parish and Neighbourhood Plans.
- Works with its partners and acts as an information point for local services,

Listed below is our completed schedule of work in previous years along with our current schedule of activity, this is regularly reviewed and updated as projects finish and priorities change:-
